

# Based In Perth, we provide exceptional **NDIS** support services

At State Wide Community Services, we're a Perth-based NDIS provider focused on lasting relationships and community integration for disability clients. Through expert support and transparent practices, we promote independence and goal achievement, strengthening community connections.

## Perth-based

Originating from Perth, our local carers and management ensure easy communication and organisation.

## Turnaround in just days

Get matched with a suitable carer within days, not months. We keep participants informed and avoid delays.

## Hand-selected NDIS support workers

We select experienced, accredited support workers, maintaining high standards whilst supporting our team to provide top care.

## Monthly reporting

Support Coordinators receive clear, timely reporting and responsive support to meet client needs effectively.

## Culturally diverse

Our team matches clients with carers who share their language and cultural background, enhancing understanding and impact.

# Need help with the NDIS application process?

## ✓ Check Eligibility

You can qualify if you are under 65, are an Australian citizen, permanent resident, or hold a Protected Special Category Visa, and have a permanent and significant disability.

## ✓ Gather Evidence

Collect documents like medical reports and assessments that show how your disability affects your daily life.

## ✓ Contact NDIS

Reach out by calling their hotline or filling out an Access Request Form online, providing details about your disability and needed support.

## ✓ Choose Providers

Select your service provider to begin using NDIS-funded services, and regularly update your plan as needed.

## ✓ Plan Development

If eligible, work with the NDIA to create a plan that outlines your supports and funding.

## ✓ Undergo Assessment

The NDIA will review your application to determine your eligibility, possibly requiring an interview or additional documents.

## Our origins

Our organisation was founded by Zayd Ghazy, who aimed at providing those with disabilities a dependable and highly involved support service that they can continually rely on. This has meant carefully selecting support workers, ensuring efficient and transparent systems and processes, and maintaining close contact with our clients and Support Coordinators to ensure everybody is properly looked after.
